IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE STOCKHOLDER MEETING TO BE HELD ON MAY 28, 2020

The 2020 Proxy Statement and 2019 Annual Report of WESCO International, Inc. are available to review at: www.proxydocs.com/wcc. A copy of our Form 10-K/A is available upon request, without charge. Any request should be directed to our Corporate Secretary at the Company's headquarters office.

We are pleased to continue to take advantage of the Securities and Exchange Commission (the "SEC") rule that permits companies to furnish proxy materials to stockholders over the Internet. On or about April 13, 2020, we will begin mailing proxy materials. A Notice of Internet Availability of Proxy Materials (the "Notice") contains instructions on how to vote online or by telephone, or in the alternative, request a paper copy of the proxy materials and a proxy card. By furnishing a Notice and access to our proxy materials by the Internet, we are lowering the costs and reducing the environmental impact of our Annual Meeting. We encourage you to sign up for direct email notice of the availability of future proxy materials by submitting your email address when you vote your proxy via the Internet.

QUESTIONS AND ANSWERS

1. Who is entitled to vote at the Annual Meeting?

If you held shares of WESCO International, Inc. ("WESCO" or the "Company") Common Stock at the close of business on April 3, 2020, you may vote at the Annual Meeting. Each share is entitled to one vote on each matter presented for consideration and action at the Annual Meeting.

In order to vote, you must either designate a proxy to vote on your behalf, or attend the Annual Meeting and vote your shares in person. The Board of Directors requests your proxy so that your shares will count toward a quorum and be voted at the meeting.

2. What matters are scheduled to be presented?

Proposal 1—Elect nine Director nominees for a one-year term expiring at the 2021 Annual Meeting of Stockholders.

Proposal 2—Approve, on an advisory basis, the compensation of the Company's named executive officers.

Proposal 3—Ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the year ending December 31, 2020.

Action may be taken at the Annual Meeting with respect to any other business that properly comes before the meeting, and the proxy holders have the right to and will vote in accordance with their judgment on any additional business.

3. How do I cast my vote?

There are four different ways you may cast your vote. You may vote by:

- the Internet, at the address provided on the Notice;
- telephone, using the toll-free number listed on the Notice;
- following the instructions on the Notice to request a paper copy of the proxy card and proxy materials and then marking, signing, dating and returning each proxy card in the postage-paid envelope provided; or
- attending the Annual Meeting and voting your shares in person or via the Internet at www.virtualshareholdermeeting.com/WCC2020.

The deadline for voting by Internet or telephone is 11:59 p.m., E.D.T., on Wednesday, May 27, 2020.

4. What if I don't indicate my voting choices?

If you return your signed proxy card but do not mark the boxes showing how you wish to vote on any particular matter, your shares will be voted "FOR" the election of each of the Director nominees named in this Proxy Statement, "FOR" the approval, on an advisory basis, of the compensation of the Company's named executive officers, and "FOR" the ratification of the appointment of PricewaterhouseCoopers LLP as our Company's independent registered public accounting firm for the year ending December 31, 2020.

5. How do I revoke or change my vote?

If you have returned a proxy via mail, telephone or Internet, you may revoke it at any time before it is voted at the Annual Meeting by:

- notifying the Corporate Secretary at the Company's headquarters office;
- sending another proxy dated later than your prior proxy either by Internet, telephone or mail; or
- attending the Annual Meeting and voting in person by ballot or by proxy.

6. What does it mean if I receive more than one Notice?

If your shares are registered differently and are in more than one account (for example, some shares may be registered directly in your name and some may be held in the Company's 401(k) Retirement Savings Plan), you may receive more than one Notice from the Company or a broker, bank or other nominee account with respect to your shares held in "street name". Please carefully follow the instructions on each Notice you receive and vote all of the proxy requests to ensure that all your shares are voted.

7. May I attend and vote my shares in person at the Annual Meeting?

Shares held beneficially through a broker, bank or other nominee may not be voted in person at the Annual Meeting UNLESS you obtain a "Legal Proxy". A "Legal Proxy" must be obtained from your broker, bank or other nominee that holds your shares. Without a "Legal Proxy", you will not be able to attend and vote those shares in person at the Annual Meeting at the Hyatt Regency Pittsburgh International Airport, 1111 Airport Boulevard, Pittsburgh, Pennsylvania.

Shares registered directly in your name with our transfer agent, Computershare, may be voted in person at the Annual Meeting.

Directions to the Annual Meeting at the Hyatt Regency Pittsburgh International Airport, 1111 Airport Boulevard, Pittsburgh, Pennsylvania, are available at www.wesco.com.

Attending and Participating via the Internet. Stockholders may also attend our Annual Meeting via the Internet at www.virtualshareholdermeeting.com/WCC2020. Stockholders of record and beneficial owners as of the close of business on the Record Date may vote and submit questions while attending the meeting via the Internet. Instructions on how to attend and participate at our Annual Meeting via the Internet are posted at www.virtualshareholdermeeting.com/WCC2020. To demonstrate proof of stock ownership, you will need to enter the 12-digit control number received with your Notice or proxy materials to vote at our Annual Meeting and submit questions via the Internet. We have retained Broadridge Financial Solutions ("Broadridge") to host our virtual annual meeting and to distribute, receive, count and tabulate proxies. If you encounter any difficulties accessing the virtual meeting during the check-in or meeting time, please call the technical support number that will be posted on the Virtual Shareholder Meeting log in page.

8. Who will count the votes?

Representatives of Broadridge will tabulate the votes, and there will be a duly appointed inspector of election who will certify his or her examination of the list of stockholders, the number of shares held and outstanding as of the record date, and the necessary quorum for transaction of the business for this meeting. These persons will count the votes at the Annual Meeting.

9. May I elect to receive a paper copy of proxy materials in the future?

Stockholders can elect to receive future WESCO Proxy Statements and Annual Reports via paper copies in the mail.

If you are a "stockholder of record" you can choose to receive future Annual Reports and Proxy Statements via paper copy at no charge by writing to WESCO International, Inc., 225 West Station Square Drive, Suite 700, Pittsburgh, Pennsylvania, 15219-1122, Attention: Corporate Secretary. If you hold your WESCO stock in "street name" (such as through a broker, bank, or other nominee account), follow the information provided by your nominee for instructions on how to elect to receive paper copies of future Proxy Statements and Annual Reports.

If you enroll to receive paper copies of WESCO's future Annual Reports and Proxy Statements, your enrollment will remain in effect for all future stockholders' meetings unless you cancel the enrollment.

PROXY SOLICITATION AND VOTING INFORMATION

Holders of our Common Stock at the close of business on the record date of April 3, 2020 may vote at our Annual Meeting. On the record date, 41,873,053 shares of our Common Stock were outstanding. A list of stockholders entitled to vote will be available at the Annual Meeting at the Hyatt Regency Pittsburgh International Airport, 1111 Airport Boulevard, Pittsburgh, Pennsylvania, and during ordinary business hours for 10 days prior to the Annual Meeting at the Company's principal executive offices. Any stockholder of record may examine the list for any legally valid purpose.

The Board of Directors is soliciting your proxy to vote at our Annual Meeting of Stockholders, and at any adjournment or postponement of the meeting. In addition to soliciting proxies by mail, telephone, and the Internet, our Board of Directors, without receiving additional compensation, may solicit in person. We have engaged Innisfree M&A Incorporated, 501 Madison Avenue, 20th Floor, New York, NY 10022 to assist us in the solicitation of proxies, and we expect to pay Innisfree M&A Incorporated approximately \$20,500 for these services, plus reimbursement of their expenses. Brokerage firms and other custodians, nominees, and fiduciaries will forward proxy soliciting material to the beneficial owners of our Common Stock, held of record by them, and we will reimburse these brokerage firms, custodians, nominees and fiduciaries for reasonable out-of-pocket expenses incurred by them in doing so. The cost of this proxy solicitation will consist primarily of printing, legal fees, and postage and handling. We will pay the cost of this solicitation of proxies.

To conduct the business of the Annual Meeting, we must have a quorum. The presence, in person or by proxy, of stockholders holding at least a majority of the shares of our Common Stock outstanding will constitute a quorum. Abstentions, broker non-votes and votes withheld from Director nominees count as shares present for purposes of determining a quorum. A broker non-vote occurs when a broker, bank or other nominee holder does not vote on a particular item because the nominee holder does not have discretionary authority to vote on that item and has not received instructions from the beneficial owner of the shares. In the absence of voting instructions from the beneficial owner of the shares, nominee holders will not have discretionary authority to vote the shares at the Annual Meeting in the election of Directors, the approval, on an advisory basis, of the compensation of the Company's named executive officers, but will have discretionary authority to vote on the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the year ending December 31, 2020. Broker non-votes will not affect the outcome of any of the matters scheduled to be voted upon at the Annual Meeting and are not counted as shares voting with respect to any other matter on which the broker has not voted expressly. Proxies that are transmitted by nominee holders for beneficial owners will count toward a quorum and will be voted as instructed by the nominee holder.

The election of Directors will be determined by a plurality of the votes cast. The Board has adopted a Director resignation policy in the event a Director receives less than 50% of the votes for his or her re-election in an uncontested election. Only votes "FOR" or "WITHHELD" affect the outcome of the election of Directors. The ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the year ending December 31, 2020, and the approval, on an advisory basis, of our executive compensation will require affirmative votes by a majority of the shares present, in person or by proxy, and entitled to vote and voting on the proposal at the Annual Meeting. Abstentions will not affect the outcome of any of the matters scheduled to be voted upon at the Annual Meeting.

CORPORATE GOVERNANCE

Corporate Governance Guidelines

We have adopted Corporate Governance Guidelines in conformity with the New York Stock Exchange (NYSE) listed company standards to provide a framework to assist members of our Board in fully understanding and effectively implementing their responsibilities while assuring our on-going commitment to high standards of corporate conduct and compliance.

We have adopted a Code of Business Ethics and Conduct and a Global Anti-Corruption Policy which apply to our Board of Directors and all of our employees and cover all areas of professional conduct, including customer relations, conflicts of interest, insider trading, financial disclosure, and compliance with applicable laws and regulations.

We also have adopted a Senior Financial Executive Code of Principles for Senior Executives, referred to as the Senior Financial Executive Code, which applies to our Chief Executive Officer, Chief Financial Officer and Corporate Controller. We disclose future amendments to, or waivers from, the Senior Financial Executive Code on the corporate governance section of our website within four business days of any amendment or waiver.

You may access our Corporate Governance Guidelines, Committee Charters, Code of Business Ethics and Conduct, Global Anti-Corruption Policy, Senior Financial Executive Code, Independence Policy, and related documents on our website at www.wesco.investorroom.com/overview.

Director Independence

Our Board has adopted independence standards that meet or exceed the independence standards of the NYSE, including the enhanced independence requirements for audit and compensation committee members. In addition, as part of our independence standards, our Board has adopted categorical standards to assist it in evaluating the independence of each of its Directors. The categorical standards are intended to assist our Board in determining whether or not certain direct or indirect relationships between its Directors and our Company or its subsidiaries are "material relationships" for purposes of the NYSE independence standards. The categorical standards establish thresholds at which any relationships are deemed to be material.

In February 2020, the independence of each Director was reviewed, applying our independence standards. The review considered relationships and transactions between each Director and his or her immediate family and affiliates and our management and our independent registered public accounting firm. Based on this review, our Board affirmatively determined that the following Directors are independent: Mr. Espe, Mr. Griffin, Mr. Morgan, Mr. Raymund, Mr. Singleton, Mr. Sundaram, Ms. Thompson and Ms. Utter.

Director Qualifications and Diversity

Our Nominating and Governance Committee reviews with the Board at least annually the qualifications of new and existing Board members, considering the level of independence of individual members, together with such other factors, including overall skills and experience. Each Director's particular and specific experience, qualifications, attributes or skills which support his or her position as a Director on our Board are identified on pages 3 to 7.

The Nominating and Governance Committee considers various factors in determining whether to recommend a candidate for nomination as a Director, including an individual's aptitude for independent analysis, level of integrity, personal and professional ethics, soundness of business judgment, relevant experience, and ability and willingness to commit sufficient time to Board activities. The Nominating and Governance Committee consults with the Board to determine the most appropriate combination of characteristics, skills and experiences for the Board as a whole with the objective of having a Board whose members have diverse backgrounds and experiences. The Nominating and Governance Committee considers candidates diverse in gender, ethnic background, geographic origin, age and professional experience and evaluates each individual in the context of the individual's potential contribution to the Board as a whole to best promote the success of the Company's business, represent stockholder interests through the exercise of sound judgment, and allow the Board to benefit from the group's diversity of background, experience and thought. The Board values inclusion and diversity, and as of April 3, 2020, 44% of our Directors were diverse in terms of gender or ethnicity. Diversity is also an emphasis of our Board recruiting efforts.

The Nominating and Governance Committee also reviews the characteristics of incumbent Board members and prospective Board members to ensure that the Board, as a whole, possesses the experience, expertise and competencies that are relevant or desirable. The Nominating and Governance Committee uses a skills matrix to assess the overall composition of the Board, including

such characteristics as CEO experience, operational and strategy expertise, financial expertise, capital markets expertise, sales or marketing expertise, supply chain or industry experience, mergers and acquisitions experience, international experience and technology expertise, among others. These processes are designed to ensure a high-functioning and well-composed Board of independent and capable Directors with relevant experience.

The Nominating and Governance Committee may also target prospective candidates for Board membership based on their attributes compared to current Board members to achieve a good overall Board composition. The Nominating and Governance Committee applies the same criteria to all candidates that it considers, including any candidates submitted by stockholders.

Board Refreshment, Tenure and Diversity

The Board is committed to ongoing Board refreshment. The Board considers a balanced Board in terms of overall average Director tenure, comprising newer Directors as well as those who have longer experience with the Company, to benefit the Company and its stockholders by providing fresh perspectives, experience and stability. During the past four years, the Board has recruited three new Directors as part of its refreshment process. Several Directors have retired, and currently 37.5% of our independent Directors have a tenure of four years or less. We successfully recruited and added a new independent Board member in 2019. In order to develop a balanced Board, we have a robust Director recruitment process that includes utilizing the assistance of a nationally recognized recruiting firm to identify and recruit potential candidates for our Board of Directors based on attributes outlined on a skills matrix that was developed by the Nominating and Governance Committee. For each recruiting engagement, the Nominating and Governance Committee, working with the independent recruiting firm and including input from the Board, develops specifications for each Director position, which are used to identify and recruit Director candidates. We emphasize diversity as part of our recruiting efforts and require diverse slates of candidates for each position. We believe that our use of an independent recruiting firm expands the pool of candidates and further improves our diversity efforts.

Board, Committee and Director Evaluations

The Board has established a robust self-evaluation process for the Board, its Committees and individual Directors. Each year, our Board and Committees conduct evaluations to assess their effectiveness and adherence to the Corporate Governance Guidelines and Committee charters, and to identify opportunities to improve Board and Committee performance. As part of that process, we also conduct individual Director evaluations, including peer assessments.

2019 Board, Committee and Director Evaluations – A Multi-Step Process

Under the leadership of our Lead Director, Mr. Singleton, the Nominating and Governance Committee oversees our annual evaluation process focused on three components: (1) the Board, (2) Board Committees and (3) individual Directors. For the past two years, as part of its continuous improvement efforts, the Board enhanced its evaluation process by engaging an independent third party who is experienced in corporate governance matters. He interviewed each Director to obtain his or her assessment of the effectiveness of the Board and its Committees, including identifying any opportunities the Board can focus on to enhance effectiveness. In addition, the Board conducted a peer review process in which the third party seeks input regarding the performance of each individual Director, which the Lead Director provides to each Director in an individual session.

Topics considered during the Board and Committee Evaluations Include:

- Director Performance
 - Individual Director performance
 - Lead Director (in the role)
 - Each Committee Chair (in that role)
- Board and Committee Operations
 - Board and Committee membership, including Director skills, background, expertise and diversity
 - Committee structure, including whether the Committee structure enhances Board and Committee performance
 - Access to management
 - Conduct of meetings, including time allocated for, and encouragement of, candid dialogue
- Board Performance
 - Key areas of focus for the Board
 - Capital allocation
 - Strategy oversight
 - Consideration of stockholder value
 - Consideration of reputation
- Committee Performance
 - Performance of Committee duties under Committee charters
 - Consideration of reputation
 - Effectiveness of outside advisors
 - Identification of relevant and timely topics for attention and discussion

As a follow up to the evaluation process and part of its continuous improvement efforts, at each Board meeting the Board reviews action items developed as part of the evaluation process and the progress made on them. As a result of the evaluation process, enhancements were made to the Board meetings, agendas and materials. Additional interactions with various members of management took place on a variety of topics, including strategic initiatives, and Board members attended industry and investor meetings, visited field locations, and engaged in Director education conferences on relevant topics.

Director Continuing Education

As part of our efforts designed to ensure a continuing high performance Board, Directors participate in continuing education on current topics and developments. We bring outside experts into the Board room to review current topics and developments in their areas of expertise, and Directors regularly attend outside education sessions on relevant topics. Education topics include corporate governance, compensation, financial matters, economic developments, emerging technology and trends, risk management, cybersecurity, diversity and inclusion, ESG matters and others.

Compensation Committee Interlocks

None of our executive officers serves as an executive officer of, or as a member of, the compensation committee of any public company that has an executive officer, director or other designee serving as a member of our Board. No member of our Compensation Committee has been an executive officer of the Company.

Executive Sessions and Lead Director Responsibility

During 2019, the non-management members of our Board met in executive session at each regularly scheduled Board of Directors' meeting. Our Directors generally hold executive sessions at both the beginning and end of each Board meeting. As Lead Director, Mr. Singleton presided over these executive sessions. In addition, Mr. Singleton has broad authority to call and conduct meetings of the independent Directors. The duties and responsibilities of our Lead Director are described in more detail in the section below.

Board Leadership Structure

Since 2011, Mr. Engel has served as Chairman of the Board. The Board believes that Mr. Engel's combined role of Chairman and Chief Executive Officer is in the best interests of the Company and its stockholders at this time, and that Mr. Engel is the Director best situated to serve as Chairman because of his detailed and in-depth knowledge of the issues, opportunities and challenges facing the Company, his familiarity with the Company's business and industry, and his ability to identify strategic priorities essential to the future success of the Company. The Board believes that the structure is best for the Company at this time because it provides for clear leadership responsibility and accountability, while providing for effective corporate governance and oversight by an independent Board of strong and seasoned Directors with an independent Lead Director. Mr. Singleton serves as the Board's independent Lead Director and presides over executive sessions of the Board. The non-management members of our Board meet in executive session at each regularly scheduled Board meeting. The Audit, Compensation, and Nominating and Governance Committees are all chaired by and comprised solely of independent Directors in accordance with independence standards of the NYSE, and thus oversight of key matters is entrusted to the independent Directors. Each of these Committees also meets in executive session without members of management present. The responsibilities of the Lead Director include the following:

- Presides at all meetings of the Board at which the Chairman is not present, including meetings of independent Directors held in Executive Session;
- Has the authority to call meetings of the independent Directors;
- Leads the Board evaluation program;
- Evaluates, along with the members of the Compensation Committee and the full Board, the CEO's performance, and meets with the CEO to discuss the Board's evaluation;
- Serves as a liaison between the Chairman/CEO and the independent Directors;
- Consults with the Chairman/CEO on and approves agendas and schedules for Board meetings to ensure there is sufficient time for discussion of agenda items;
- Advises the Chairman/CEO on the Board's informational requirements and approves information sent to the Board, as appropriate;
- Consults with the Chair of Nominating and Governance Committee and the Chairman regarding recommended appointment of Committee members, including Committee chairs; and
- Facilitates communication between the Board and senior management.

The Lead Director assures that appropriate independence is brought to bear on important Board and governance matters. In addition, there is strong leadership vested in and exercised by the independent Committee chairs, and each Director may request inclusion of specific items on the agendas for Board and Committee meetings.

Considering all of the above, the Board believes that a combined Chairman and Chief Executive Officer, together with the Lead Director, is an appropriate Board leadership structure and is in the best interests of the Company and its stockholders at this time.

Director Resignation Policy

The Board has adopted a resignation policy under which any Director who does not receive a majority of votes cast for his or her re-election is expected to offer his or her resignation for the Board's consideration.

Stockholder Engagement

We seek to engage with current and prospective investors throughout the year in order to review our business model and strategic initiatives, and so that management and the Board can better understand stockholder perspectives on governance, strategy, financial performance, executive compensation and other topics that are important to them. We also utilize these discussions to assess emerging issues that may help shape our practices and enhance our corporate disclosures. We strive for a collaborative approach with our stockholders and value the variety of perspectives that we hear in our discussions with them.

Board's Role in Oversight of Risk Management

Management is responsible for risk management, and the Board's role is to oversee management's efforts in this area. As part of their regular meetings and deliberations, the Board and its Committees review and discuss matters of significance regarding operational, financial and other risks, including cybersecurity risks relevant to the Company's business. Strategic risks and operating risks are monitored by the Board through discussions regarding the Company's strategic and operating plans and regular reviews of the Company's operating performance. The Audit Committee of the Board discusses and reviews guidelines and policies with respect to risk assessment and risk management and discusses with management the Company's major financial risk exposures and the steps management takes to monitor and control such exposures. In addition, management assesses the Company's enterprise risk and reviews with the entire Board significant risks and associated mitigating factors on an annual basis. The Compensation Committee of the Board reviews the potential for risk related to the Company's compensation arrangements, including compensation arrangements and policies for executives, and determines whether any such arrangements are likely to encourage excessive or inappropriate risk taking. As part of these processes, the Nominating and Governance Committee is responsible for oversight of significant environmental, social and governance (ESG) matters that are relevant to the Company.

As described above, the Nominating and Governance Committee is responsible for oversight of significant ESG matters that are relevant to the Company. SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Under the federal securities laws of the United States, the Company's Directors, its executive officers, and any persons beneficially holding more than ten percent of the Company's Common Stock are required to report their ownership of the Company's Common Stock and any changes in that ownership to the SEC and NYSE. Specific due dates for these reports have been established. The Company is required to report in this Proxy Statement any failure to file by these dates. For the year ended December 31, 2019, all such filings were made within the required time periods, based on the Company's review of forms filed pursuant to Section 16(a) of the Securities Exchange Act of 1934, as amended, and written representations received from such persons.

TRANSACTIONS WITH RELATED PERSONS

Our Company has a written policy and has implemented processes and controls in order to obtain information from our Directors and executive officers with respect to related person transactions and for then determining whether our Company or a related person has a direct or indirect material interest in the transaction, based on the facts and circumstances. Our Nominating and Governance Committee and Board review relationships and transactions between our Directors, executive officers and our Company or its customers and suppliers in order to determine whether the parties have a direct or indirect material interest. Its evaluation includes: the nature of the related person's interest in the transaction; material terms of the transaction; amount and type of transaction; importance of the transaction to our Company; whether the transaction would impair the judgment of a Director or executive officer to act in the best interest of our Company; and any other relevant facts and circumstances. Transactions that are determined to be directly or indirectly material to our Company or a related person are disclosed in this Proxy Statement and the Form 10-K/A filed March 9, 2020. For the year ended December 31, 2019, there were no related party transactions to report.

COVID-19 Global Pandemic

The Proxy relates to 2019 performance and compensation, neither of which were affected by the COVID-19 pandemic. The COVID-19 pandemic could significantly impact 2020 financial results and compensation outcomes, and the Board and management are taking actions to address the effect of the COVID-19 pandemic on business operations.

ITEM 2 — APPROVE, ON AN ADVISORY BASIS, THE COMPENSATION OF THE COMPANY’S NAMED EXECUTIVE OFFICERS

This year, the Company is seeking that the stockholders approve the compensation of the Company’s named executive officers (commonly referred to as “say-on-pay”) as described in the “Compensation Discussion and Analysis” section, the tabular disclosure regarding named executive officer compensation and the narrative description accompanying such disclosure. As approved by our stockholders at the annual meeting of stockholders in 2017 regarding the frequency of the advisory vote, and consistent with the Board’s recommendation, we are submitting this proposal on an annual basis. This vote is advisory only, meaning it is non-binding on the Company; however, the Board and Compensation Committee will review and carefully consider the results when evaluating future compensation decisions.

**OUR BOARD UNANIMOUSLY RECOMMENDS A VOTE “FOR”
APPROVAL OF THE COMPENSATION OF THE COMPANY’S NAMED EXECUTIVE OFFICERS.**

The Board endorses the Company’s executive compensation program and recommends that the stockholders vote in favor of the following resolution:

RESOLVED, that the stockholders approve the compensation of the Company’s named executive officers as disclosed pursuant to Item 402 of SEC Regulation S-K, including as described under the “Compensation Discussion and Analysis” section, as well as the accompanying compensation tables and the related narrative disclosure, in the Company’s 2020 Proxy Statement.

ELEMENT	DESCRIPTION
Stockholder Outreach	In 2019, we continued our extensive stockholder outreach program and received the support of over 94% in favor of our say-on-pay.
Straightforward Program	Our program is straightforward and comprises three elements: (1) Base Salary; (2) Short-Term Incentive Program (STIP); and (3) Long-Term Incentive Program (LTIP).
Pay for Performance	Our performance metrics are linked to our strategy and demonstrate our pay for performance philosophy that aligns compensation with performance.
Balanced Mix of Incentives	We have a balanced mix of short- and long-term incentives, using a blend of performance metrics.
Challenging Incentive Award Goals	We set challenging short- and long-term incentive award goals.
Reasonable Compensation Levels	Total compensation is targeted at the median of our peer group, and the levels of compensation are reasonable.
Limited Perquisites	We have limited use of perquisites.
No Tax Gross-Ups on Executive-Only Perquisites	We do not provide tax gross-ups on executive-only perquisites.

Pay for Performance

Our compensation program uses the following performance metrics:

Performance Metrics	Why It's Included	How It's Used
Short-Term Incentive Program	Earnings Before Interest Taxes Depreciation and Amortization (EBITDA)	These metrics are used in the STIP, based on the Board- approved annual operating plan. The Board approves the plan each December, and these metrics are used for the following fiscal year's incentive plan.
	Free Cash Flow	
Long-Term Incentive Program	Net Income Growth and EPS Growth	These metrics are over a three- year horizon, and represent an appropriate mix of a growth metric and a return metric, both of which are relevant to our business and strategy. We believe that the combination of earnings growth and effective asset management drives value for a distribution business.
	Return on Net Assets (RONA)

SAY-ON-PAY – STOCKHOLDER ENGAGEMENT AND BOARD RESPONSIVENESS

In 2019, the Company’s advisory vote on executive compensation received the approval of over 94% of the shares voted. We believe the vote reinforces the changes that the Compensation Committee and Board made to the Compensation structure described in our 2019 Proxy and highlighted below:

What We Heard:

LTIP Mix – Stockholders favored a **higher weighting** of Performance Shares in our Long-Term Incentive Program.

STIP Program – Some stockholders favored a higher weighting on **objective quantitative measures** versus subjective assessment.

Performance Metrics – Some stockholders noted that they don’t have a mandate about what metrics to use; they rely on the board to determine which **are most relevant to the company and its strategy**. A few had particular metrics they favored, but there was not consensus among stockholders on the use of a particular metric. Some stockholders expressed a preference for metrics relating to operational matters over which management has control rather than metrics (e.g., stock price) that investors believed to be more influenced by macro factors outside of management’s control.

Compensation Setting Process – Investors were interested in additional details about the Committee’s **compensation-setting process and the rationale** for decisions made.

Positive Feedback – There were many aspects of our compensation program that received positive feedback.

Though not specific to say-on-pay topics, investors gave additional feedback during this engagement process:

Governance Topics – Investors expressed positive feedback on the diversity of the Board, the Board refreshment process, enhancements to the Board and Director evaluation process, and efforts to keep current on relevant developments and topics.

What We Did:

Increased the weighting of Performance Shares **to 50%** (changed from 30%) starting in 2019. See pages 32 and 34.

Starting in 2019, the **STIP target is 100% based on quantitative measures** (changed from 75% quantitative, 25% subjective). See page 31.

Enhanced the disclosure of the Board’s **pay for performance** rationale for choosing the metrics and their link to the company’s strategy. Focus on **financial operating metrics** that encompass key value drivers of sales growth, margin improvement, and capital allocation. See pages 23, 30, 31, 32, and 34.

Provided **additional insight** into:

- Setting of **performance targets and rationale** – See pages 26 and 29 through 34.
- **Peer group selection and rationale** – See page 28.
- The Committee’s use of an **independent** compensation consultant – See page 27.

We kept the aspects of the program that stockholders liked:

- Straightforward, balanced program
- Reasonable levels of compensation targeted at median
- 100% independent Compensation Committee
- Robust stock ownership guidelines
- No hedging or pledging of stock
- Clawback policy

We **enhanced the disclosures** regarding:

- Board Diversity – See pages 9 and 10.
- Board Refreshment – See page 10.
- Rigorous Board, Committee, and Director evaluation process – See page 11.
- Director Continuing Education – See page 11.

Compensation Philosophy, Approach and Pay Elements

We have a straightforward and transparent compensation program that is linked to our strategy and the drivers of long-term stockholder value. It is based on our pay for performance methodology and we use operating performance metrics that are important to our business. To be successful, we need to attract and retain executives and employees who are talented and motivated to grow long-term stockholder value.

There are three central elements to our executive total compensation:

- (1) base salary – cash-based;
- (2) short-term incentives – cash-based, and based on the annual operating plan approved by the Board; and
- (3) long-term incentives – stock-based, and based on three-year performance periods, linked to growth and return metrics and whose value depends on the increase in the company's stock price over the long term, thus further aligning the executive's interests with stockholders' interests.

Structuring a balanced, fair and properly-crafted compensation program for our executive leaders is essential to promote our high performance culture and contribute to our success. Our compensation philosophy begins with the recognition that our success depends on the talent of our people. To encourage high level performance of our leaders we have constructed a compensation plan that rewards the behavior of our executives in pursuit of the following three broad goals.

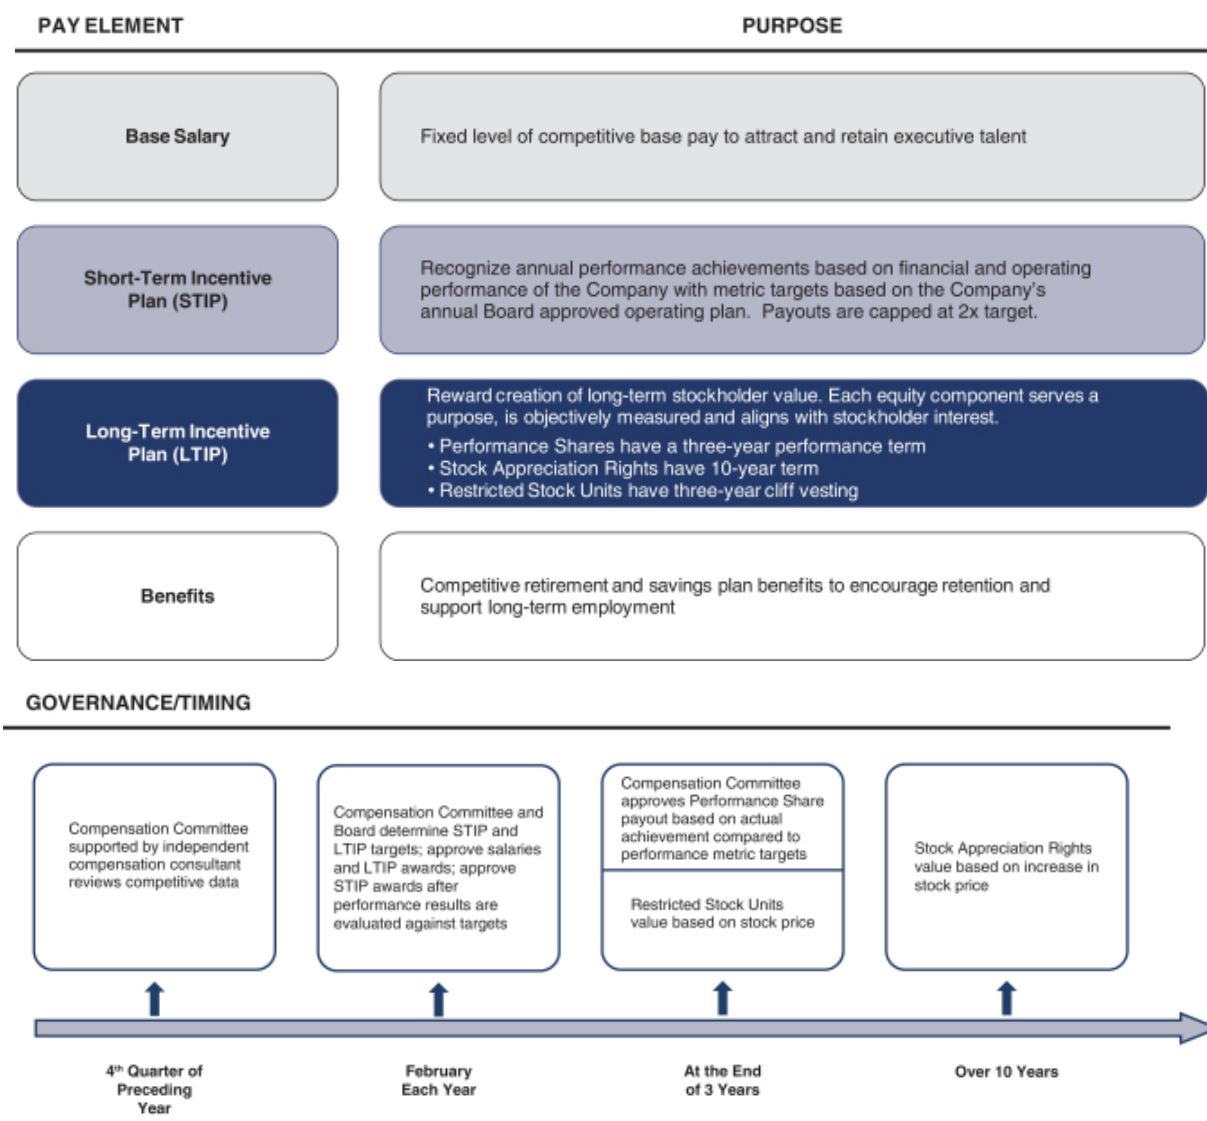

The first of our philosophical tenets is to attract and retain an excellent management team, because a high performing team is critical to our success as a company. Developing and strengthening our corporate relationships with our customers and suppliers over the long-term enables our business to grow profitably. Also important is the consistency of leadership in support of our corporate mission and sustaining our high performance culture.

The second philosophical goal of our compensation planning is to enable WESCO to recruit strong leaders as we grow our business and expand our product and service offerings. We were able to recruit our NEOs because of our culture and compensation packages that aligned their performance with our strategy of creating value. Our approach in aligning our compensation plans to our strategy has been an important reason for our recruiting successes.

Finally, the third goal of our compensation plan is to reward our executives fairly and provide proper and balanced incentives for long-term value creation. Essentially, we want to provide a level of annual base compensation that is fair. When our executives perform at a level of high achievement, we reward them with attractive but capped annual cash bonus awards. In years when performance measures are not met, they may receive little or no bonus. In terms of long-term incentives, we believe that the opportunity to participate in the growth in value of our share price links pay to performance. We provide equity incentives to align management's interests with those of stockholders, and we maintain robust stock ownership guidelines to instill that mindset.

Based on our objectives, we believe it is appropriate that we target our three compensation elements at the median of the peer group. The Company's target total cash compensation and long-term incentives for the NEOs have been generally at or below the median of the peer group.

We assess the effectiveness of our compensation programs regularly and use the services of an internationally recognized independent compensation consultant, Meridian Compensation Partners, LLC ("Meridian"), which provides us with research information and data. Meridian serves as a resource to our Committee, providing information on new developments, best practices and trends in compensation. However, the Committee makes its own decisions, uses its own judgment and comes to its own conclusions relating to plan design and compensation. All of our Committee members are independent, as defined by applicable regulations.

COMPENSATION SETTING PROCESS

Our Board has delegated to the Committee, composed entirely of individuals who are independent Directors under the independence standards of the NYSE and SEC, including the enhanced independence requirements for compensation committee members, the responsibility of administering executive compensation and benefit programs, policies and practices. The Committee may also delegate certain matters to a subcommittee in its discretion. The performance of the management team is reviewed relative to performance measures, and compensation levels for our NEOs are reviewed and approved on an annual basis.

Our compensation setting process for NEOs consists of the following steps:

- Consider the Company's financial performance;
- Review external market data;
- Consider stockholder feedback on say-on-pay and compensation topics;
- Confirm the reasonableness of total compensation awards as well as the reasonableness of each component of compensation when compared to peer companies;
- Assess overall Company performance in relation to our objectives, competition and industry circumstances;
- Assess individual performance, changes in duties and responsibilities, and strategic and operational accomplishments;
- Adjust base salaries, as appropriate, based on job performance, leadership, tenure, experience, and other factors, including market data relative to our peer companies;
- Evaluate and determine annual and long-term incentive award opportunities for each NEO;
- Make awards under our long-term incentive plan that reflect recent performance and an assessment of the future impact each NEO can have on the long-term success of the Company;
- Review the metrics and goals of the annual incentive plan as well as the performance share plan; and
- Apply consistent practices from year to year for annual cash incentive award payments based on an evaluation of pre-established operating and financial performance factors.

As previously noted, the Committee also engages an independent compensation consultant to assist in reviewing the Company's compensation practices, to provide market comparison information, and to make recommendations.

USE OF COMPENSATION CONSULTANTS

To assist in the compensation setting process, the Committee engages Meridian, an independent, internationally recognized executive compensation consultancy firm, to provide information and advice regarding compensation and benefit levels and incentive plan designs. Meridian is engaged by, and reports directly to, the Committee, which has the sole authority to hire or fire Meridian and to approve fee arrangements for work performed. The Committee has authorized Meridian to interact with management on behalf of the Committee, as needed in connection with advising the Committee. The Committee has assessed the independence of Meridian pursuant to SEC and NYSE rules and concluded that Meridian's work for the Committee does not raise any conflict of interest.

In particular, the Committee retains Meridian to prepare compensation plan reviews, identify general trends and practices in executive compensation programs, assist in selecting the appropriate peer group, prepare a market analysis of target total compensation for the NEOs based on comparable and similarly-sized (by revenue) companies, and furnish its input regarding the compensation and incentives of the Chief Executive Officer and other executives. In addition, the Committee has sought the recommendation of the Chief Executive Officer regarding the other NEOs relative to compensation adjustments and individual performance objectives he believes would be appropriate to achieve the Company's strategic and operational goals. Our Committee meets in person or telephonically at least five times each year, and our Committee's Chairman meets with management and our independent compensation consultant more regularly throughout the course of the year. The working relationship between the Committee and management is constructive and independent. Our Committee reports to the entire Board of Directors at every Board meeting on its activities, the research commissioned from our compensation consultant and on the Committee's specific compensation deliberations and decisions that directly affect our executive leadership team.

COMPENSATION PEER GROUP

For our compensation philosophy and approach to work properly, the Committee must assess the effectiveness of our compensation programs regularly, using a variety of external and internal resources. The Committee reviews analyses of compensation paid by companies in our peer group through the use of marketplace compensation profiles prepared by Meridian, the Committee’s independent compensation consultant. The compensation peer group that we used in 2019 was constructed using the following selection of criteria: business similarities and relevant industries, including distribution, logistics, transportation, companies with diffuse operations and/or general industry, and revenue size. In conjunction with Meridian, the Committee reviews the composition of our peer group annually.

The peer group generally comprises comparably-sized industrial firms, distribution companies and businesses with dispersed locales for which logistics are important, companies in industries in which asset management, in addition to operating margin, is a relevant measure of company performance, and other companies which are potential competitors for executive talent of interest to WESCO. We choose a large number of similarly sized companies because we believe that those companies are representative of the talent pool that we compete with to recruit and retain talent. This approach has proven successful, as the last NEOs that we hired came from large corporations that were not direct competitors of ours and not in the distribution industry. We also believe that a large pool of comparable companies is better than choosing a smaller group to ensure a proper sample size for comparison purposes. When we engage professional search firms to assist us in identifying senior executive talent, they recruit from a set of corporations even larger than our peer group. It is not feasible or appropriate to construct a peer group of only distributor competitors, as many of our competitors are smaller and/or privately-held companies, in the case of local competitors, or larger non-U.S. based companies, in the case of global competitors.

The compensation peer group in 2019 was comprised of the following companies:

2019 COMPENSATION PEER GROUP				
Advance Auto Parts, Inc. AECOM	CarMax, Inc. Dover Corporation	HD Supply Holdings, Inc. HNI Corporation	MRC Global Inc. MSC Industrial Direct Co., Inc.	The Andersons, Inc. United Natural Foods, Inc.
Air Products and Chemicals, Inc.	EchoStar Corporation	Ingersoll-Rand plc	Plexus Corp.	United Rentals, Inc.
Arrow Electronics, Inc.	EMCOR Group, Inc.	Insight Enterprises, Inc.	Ryder System, Inc.	Vulcan Materials Company
Asbury Automotive Group, Inc.	Fluor Corporation	Jabil Circuit, Inc.	Sanmina Corporation	W.W. Grainger, Inc.
AutoNation, Inc.	Fortune Brands Home & Security, Inc.	Jacobs Engineering Group Inc.	SPX Corp.	
AutoZone, Inc.	GMS Inc.	Lennox International Inc.	Steelcase, Inc.	
Avis Budget Group, Inc.	Harsco Corporation	Masco Corporation	TE Connectivity Ltd.	

The Committee reviews compensation practices among these companies to provide the Committee with relevant data in setting appropriate compensation levels for its NEOs. This market analysis, which is conducted by Meridian, makes it possible to evaluate and assess compensation for numerous executive positions that are not included in proxy statements or other public filings. To adjust for a variation in size among our Company and the companies in the peer group and to get comparable data for its analysis, Meridian uses regression analysis to adjust market values for differences in company size, based on annual revenues.

ELEMENTS OF COMPENSATION

Base Salaries

Base salaries are intended to provide our NEOs with a level of competitive cash compensation that is critical for retention and appropriate given their positions, responsibilities and accomplishments with the Company. Salaries for NEOs are reviewed annually. The Committee reviews detailed individual salary history for the NEOs and compares their base salaries to salaries for comparable positions at companies within our peer group. From time to time, the Committee adjusts base salaries for executive officers to reflect performance, changes in job scope, and market practices among the peer group generally based on the 50th percentile of base salaries for comparable positions.

NEO	Annual Base Salary ¹
Engel	\$1,040,000
Schulz	\$600,000
Lazzaris	\$485,000
Squires	\$550,000
Wolf	\$475,000

¹ The annual base salary for our NEOs, prior to the adjustments on April 1, 2019, \$580,000 for Mr. Schulz, \$470,000 for Ms. Lazzaris, and \$460,000 for Ms. Wolf. Mr. Engel's base salary was unchanged. Mr. Squires became an NEO on October 1, 2019.

In determining adjustments to base salaries, the Committee considers prevailing economic conditions, base salaries of recent additions to management, performance assessments, changes in duties and responsibilities, Company performance, comparable salary practices of companies within our peer group, the recommendation of Mr. Engel (in the case of the other NEOs), and any other factors the Committee deems relevant.

Short-Term Incentives

Our practice is to award cash incentive bonuses for achievement of performance measures linked to our strategy. Target short-term incentives are designed to provide compensation opportunities generally approximating the 50th percentile of the peer group and are reviewed on an annual basis.

Annually, the Company's performance criteria and financial and operational targets are reviewed and approved by the Committee for the upcoming year. For purposes of the 2019 annual incentive programs, the performance measures for our NEOs consist of the achievement of a combination of the following metrics:

Performance Measure	Weighting	Percent Achievement	Payout Percent of Target Opportunity ⁽¹⁾
Earnings Before Interest Taxes Depreciation and Amortization	75%	< 85% 85% to 100% >100% to 115%	0% 25% up to 100% Between 100% and 200%
Free Cash Flow	25%	< 85% 85% to 100% >100% to 115%	0% 25% up to 100% Between 100% and 200%
Total (as a percent of Target Opportunity)	100%		0% to 200%

(1) Amounts interpolated, as appropriate.

For **2019**, the performance goals (at threshold, target and maximum levels) and the actual achievement of each of the financial components is included in the chart below:

Performance Measure	Performance Goals			Actual Results
	Threshold	Target	Maximum	
Earnings Before Interest Taxes Depreciation and Amortization	\$ 381.3	\$ 448.6	\$ 515.9	\$ 411.5 ⁽¹⁾
Payment as % of Target	25%	100%	200%	58.6%
Free Cash Flow	\$ 187.2	\$ 220.2	\$ 253.2	\$ 180.3 ⁽²⁾
Payment as % of Target	25%	100%	200%	0%

- (1) As shown on pages 22 and 25 of the Company's Form 10-K filed on February 24, 2020, Adjusted EBITDA is calculated as follows: Income from operations of \$346.2 million, plus merger related transaction costs of \$3.1 million, plus depreciation and amortization of \$62.1 million = \$411.5 million.
- (2) As shown on page 18 of the Company's Form 10-K filed on February 24, 2020, Free Cash Flow is calculated as follows: Cash flow provided by operations of \$224.4, minus capital expenditures of \$44.1 million = \$180.3 million.

We believe that EBITDA is an appropriate performance measure because it relates directly to the Company's sales growth (including organic sales growth), operating margin performance (including gross margin and cost management) and profitability. We believe that Free Cash Flow is an appropriate performance measure because it relates directly to the company's operating performance, including the management of working capital. We believe that the combination of earnings growth and effective asset management drives value for a distribution business.

Each December, the Board reviews the Company's annual operating plan, including these measures. Targets for the coming year's Short-Term Incentives are consistent with the Board-approved annual operating plan, based on achievement levels as set forth in the table above. Additionally, the annual operating plan forms the basis of expectations that are provided to stockholders, in the form of sales and profitability expectations, as well as Free Cash Flow generation. Thus, management's Short-Term Incentive Plan is aligned with stockholder interests and expectations communicated to stockholders.

With respect to the NEOs other than himself, the Chief Executive Officer makes recommendations to the Committee for the Committee's consideration. The Committee's review of the Chief Executive Officer's bonus is conducted with only independent Directors, with the assistance of the independent compensation consultant, present.

Each NEO's 2019 short-term incentive was calculated as follows based on the performance metrics and actual achievement levels described above:

NEO	2019 Salary	Target Incentive	Target Incentive	Component	Component Weighting	Payout	
Engel	\$1,040,000	135%	\$1,404,000	EBITDA	75%	Below target EBITDA (58.6%)	\$617,058
				Free Cash Flow	25%	No payout (0%)	-
				Total			\$617,058
Schulz	\$ 595,000	80%	\$ 476,000	EBITDA	75%	Below target EBITDA (58.6%)	\$209,202
				Free Cash Flow	25%	No payout (0%)	-
				Total			\$209,202
Lazzaris	\$ 481,250	70%	\$ 336,875	EBITDA	75%	Below target EBITDA (58.6%)	\$148,057
				Free Cash Flow	25%	No payout (0%)	-
				Total			\$148,057
Squires	\$ 461,250	72.5%	\$ 334,406	EBITDA	75%	Below target EBITDA (58.6%)	\$ 69,241 ⁽¹⁾
				Free Cash Flow	25%	No payout (0%)	-
				Total			\$ 69,241
Wolf	\$ 471,250	70%	\$ 329,875	EBITDA	75%	Below target EBITDA (58.6%)	\$144,980
				Free Cash Flow	25%	No payout (0%)	-
				Total			\$144,980

(1) Mr. Squires became an NEO on October 1, 2019. His payout was calculated based on his business unit leader role for 9 months and the NEO position for 3 months at the appropriate salary and bonus target for each position.

2019 Changes In Response to Stockholder Engagement Feedback

As part of its annual compensation review process, the Committee gave careful consideration to investor feedback during 2018, and the Committee made changes to the STIP plan for 2019 to eliminate a 25% component based on personal performance objectives and to have 100% of the target STIP award be based on the achievement of the quantitative financial metrics.

Short-Term Incentives	Weighting 2018 and Prior	Weighting 2019
EBITDA	50%	75%
Free Cash Flow	25%	25%
PPOs	25%	-

In 2019, EBITDA has a 75% weighting and Free Cash Flow has a 25% weighting. The Committee made this change based on feedback from stockholders who expressed a preference for quantitative financial metrics, especially those tied to operations. The EBITDA and Free Cash Flow metric targets are based on the Board approved annual operating plan. The Committee also engaged the independent compensation consultant, Meridian, to benchmark the use of modifiers in plans. Based on the benchmarking analysis provided by the independent consultant, the Committee decided to include a limited modifier in the plan (limited to +/- 25%) based on results of strategic initiatives, although the Committee does not expect to use the modifier except in unusual circumstances. The modifier was not used in 2019. EBITDA and Free Cash Flow are the key components of the STIP plan and are linked to strategy because: (1) EBITDA encompasses sales growth, operating margin performance (including gross margin and cost management) and profitability; and (2) Free Cash Flow relates directly to the Company's operating performance, including the management of working capital. Both of those measures are central to the success of our distribution business.

Long-Term Incentives

The purpose of long-term incentives is to carefully align compensation with stockholder value creation, and thus long-term incentives comprise the centerpiece of executive compensation and a significant majority of our NEOs total compensation opportunity.

Structure of Long-Term Incentives

Based on feedback from investors as part of our 2018 say-on-pay outreach, we increased the weighting of performance shares for 2019 from 30% to 50% as follows:

Long-Term Incentives	Weighting 2018 and Prior	Weighting 2019
Performance Shares	30%	50%
Stock Appreciation Rights	50%	25%
Restricted Stock Units	20%	25%

Performance Shares

Our performance shares are designed to reward our NEOs for drivers of long-term value that are tied to our strategy and increased stockholder value over the long-term. We use three-year performance periods for each grant, and performance shares for the three-year period 2017-2019 were based on two equally weighted performance metrics: (1) Net Income Growth; and (2) Relative TSR compared to a peer group. The "Net Income Growth" rate is equal to the three-year average growth rate of the Company's net income, excluding specific items that are not indicative of ongoing results, as reported in our Form 10-Ks. We believe that Net Income Growth is related directly to our strategy to drive profitable revenue and earnings growth and that enduring stock price performance reflects the effective execution of a long-term strategic plan. This performance metric encompasses sales growth, margin improvement and cost control, which are important operational aspects of our business and strategy.

Performance share awards vest in the form of a number of shares of the Company's common stock. The number of performance shares actually earned, if any, depends on the attainment of certain levels (threshold, target, maximum) of the performance measures and may range from one-half the target amount of performance shares (at the threshold performance level) up to two times the target amount of performance shares (at the maximum performance level). In the event of a change in control (as defined in the Company's Long-Term Incentive Plan), the performance shares vest at the target level.

Consistent with our pay-for performance philosophy, the threshold, target and maximum performance goals for the performance shares awarded in 2017 for the three-year performance period ended December 31, 2019 (the "2017 Performance Shares") and the actual achievement and payout levels are as shown below:

Performance Measure	Performance Goals			Actual Results
	Threshold	Target	Maximum	Actual Payout
Net Income Growth Rate (3-year average growth rate)	0%	5%	10%	7.4%
Payment as % of Target	0.5 x	1.0 x	2.0 x	1.48x
Relative TSR (percentile rank among peer group)	40th	50th	80th	6th
Payment as % of Target	0.5 x	1.0 x	2.0 x	0

Based on the actual results and performance goals above, the shares earned by the NEOs are calculated as follows:

NEO	Target Award of 2017 Performance Shares ⁽¹⁾	Component	Component Weighting	Payout	
Engel	19,260	Net Income Growth	50%	Above target (1.48)	14,252
		Relative TSR	50%	Below threshold (0)	-
		Total			14,252

⁽¹⁾ Ms. Wolf did not receive 2017 performance shares as she was hired in June 2018. Mr. Schulz's 2017 performance shares represent grants on February 16 and 21, 2017.

In accordance with the Company's pay for performance philosophy, the realized pay was less than the fair value of the awards at time of grant. As detailed above, half of the performance shares granted in 2017 based on relative TSR, had no payout and were forfeited. The Committee's certification of the Net Income Growth results was also conservative, as it excluded the effects of two discrete events in 2016 and 2017 that would have resulted in a higher Net Income Growth rate had they been included. As described on page 22 of our Form 10-K filed on February 27, 2019, we redeemed debt in 2016, and in 2017 we recorded a discrete provisional income tax expense associated with the Tax Cuts and Jobs Act of 2017. Also, as described on page 22 of our Form 10-K filed on February 24, 2020, we excluded certain transactional costs relating to an acquisition. See pages 18 and 23 of the Form 10-K filed on February 24, 2020, with the following net income amounts: \$223.4 million in 2019 (as adjusted \$225.9 million); and \$227.3 million in 2018. See pages 16 and 22 of our Form 10-K filed on February 27, 2019, with the following net income amounts: \$163.5 million in 2017 (as adjusted \$189.9 million); and \$101.6 million in 2016 (as adjusted, \$184.3 million). Had those three items not been excluded from the Net Income Growth calculation, the result would have been 32.7% instead of 7.4%.

Stock Appreciation Rights

We use Stock Appreciation Rights (SARs) to both motivate and align management's incentives with long-term stockholder value. We believe that management should have a substantial stake in the success of the Company and that enduring stock price growth reflects the effectiveness of management in executing a long-term strategic plan, not just the passage of time. Our SARs settle in Company common stock upon exercise, and they vest ratably over three years.

Restricted Stock Units

Fundamentally, Restricted Stock Units (RSUs) are meant to balance the need for long-term retention of key executive talent while nevertheless aligning realizable value with changes in stockholder wealth. Restricted stock is common in the marketplace and therefore is an important component of a competitive compensation opportunity. It is, however, intentionally only a modest portion of our NEOs' total long-term incentive compensation. Our RSUs cliff vest after three years.

The performance share, SAR and RSU grants to our NEOs in 2019 were as follows:

NEO	Performance Share Opportunity (reflects number of shares that could be earned at target) ⁽¹⁾	SAR Awards	RSU Awards	Grant Date	Grant Price	SARs Expiration Date	RSU Cliff - Vesting Date
Engel	43,466	72,541	21,733	2/13/2019	\$ 54.64 ⁽²⁾	2/13/2029	2022
Schulz	13,269	22,144	6,634	2/13/2019	\$ 54.64 ⁽²⁾	2/13/2029	2022
Lazzaris	5,948	9,927	2,974	2/13/2019	\$ 54.64 ⁽²⁾	2/13/2029	2022

	—	1,874	—	3/14/2019	\$ 53.00 ⁽⁴⁾	3/14/2029	—

(1) Performance shares are subject to a three-year performance period.

(2) Represents the exercise price for the SARs granted and the RSUs at issuance price, which was the closing price of our Company stock on the February 13, 2019 grant date in accordance with Committee action on February 13, 2019.

(3) Mr. Squires was promoted to SVP and COO effective October 1, 2019, represents the RSUs at issuance price, which was the closing price of our Company stock on October 1, 2019 in accordance with Committee action on October 1, 2019.

(4) Represents the exercise price for the SARs granted, which was the closing price of our Company stock on the March 14, 2019 grant date in accordance with a stock purchase by Ms. Wolf. As explained further on pages 36, and 41, to encourage new executives to purchase stock in the open market with their own funds to meet their stock ownership guidelines and align their interests with stockholders, we will offer matching SARs grants on a limited basis for open market purchases made by the executive during the first 12 months of employment. Ms. Wolf purchased approximately \$100,000 of stock (i.e. 1,874 shares) with her own funds and thus received this matching SARs grant. Since she purchased 1,874 shares, the matching grant was for 1,874 SARs with an exercise price equal to the closing stock price on the date of purchase.

Our philosophy is to grant equity-based long-term incentives having an economic value which generally approximates the 50th percentile of grants by companies in our peer group. We believe this target allows us to attract, motivate and retain the executive talent necessary to develop and execute our business strategy.

The Company's target long-term incentives for the NEOs were generally at the 50th percentile of the peer group for 2019.

In 2019, we granted 213,618 SARs, 126,874 performance shares, and 172,448 RSUs in the aggregate to all award recipients. The awards were approximately equal to 1% of the weighted average outstanding stock of the Company. With respect to the NEOs other than himself, the Chief Executive Officer makes grant recommendations based on each individual executive's expected long-term contributions to the value creation of the Company and consideration of market data. The Chief Executive Officer's recommendations and Meridian's analysis are considered in making grant determinations. With respect to the Chief Executive Officer, the Committee determines (without the input of the Chief Executive Officer) the amount of his grant. In 2019, we granted performance shares, SAR and RSU awards to approximately 185 employees.

2019 Changes In Response to Stockholder Engagement Feedback

Increased Weighting on Performance Shares in LTIP Mix – Based on investor feedback in 2018, the Committee made a significant increase in the weighting of performance shares in the overall mix of LTIP awards. Previously, performance shares had a 30% weighting. Starting with the 2019 grant, performance shares have a 50% weighting.

Other Changes – Each year the Committee reviews the performance targets and metrics for the upcoming grant, and as disclosed in the 2018 proxy, starting in 2018 the Committee introduced a return metric in addition to a profitability metric for the performance shares. There were several reasons for this change: (1) feedback from some investors was that they did not favor TSR metrics and preferred operational metrics because TSR was subject to various macro factors; and (2) the Committee believes that the combination of a *profitability* metric (i.e. Net Income Growth or EPS Growth) and a *return* metric drive value creation for a distributor like WESCO. For this reason, starting in 2018 we introduced Return on Net Assets (RONA) as a metric. The Committee believes that RONA is an appropriate measure of performance for our business as it focuses on improving profitability and the efficient use of operating assets (working capital, property, buildings and equipment) to create value for our stockholders. The Committee gives careful consideration to which metrics are most appropriate and best suited to the Company's business and strategy. For WESCO, the Committee believes that the foregoing financial operational metrics are preferable to relative metrics for the following reasons: (1) most of WESCO's direct competitors are privately-held businesses or not standalone businesses, and thus performance data is not available; (2) very few competitors are of comparable size (i.e., either much smaller or parts of larger entities) and scope; and (3) there is no applicable industry index, as WESCO has purposefully diversified into various industries as a business strategy, and industry indices comprise mostly manufacturing firms, which are not comparable to WESCO, as a distributor.

No Hedging or Pledging

Our Insider Trading Policy prohibits our Directors and NEOs from engaging in hedging transactions involving Company securities and from pledging Company securities as collateral for loans.

Retirement Savings

Our Company maintains a 401(k) Retirement Savings Plan for all eligible employees, including the NEOs. In 2019, the Company matched employee contributions at a rate of \$0.50 per \$1.00 of contributions up to 6% of eligible compensation. The Company made a discretionary payment in 2019 for the plan year ended in December 2018, which was based on 2018 results and paid out as a percent of eligible compensation from 1% to 7% based on age and service.

We also maintain an unfunded nonqualified deferred compensation plan for a select group of qualifying management or highly compensated employees, including the NEOs. Participants may defer a portion of their salary and are eligible for a Company match at a rate of \$0.50 per \$1.00 up to 6% of eligible compensation less any Company match paid under the 401(k) plan. Earnings are credited to employees' accounts based on their deemed investment selections from offered investment funds. Notwithstanding any provision of the Deferred Compensation Plan or benefit election made by any participant deemed to be a key employee, benefits payable under the Deferred Compensation Plan will not commence until at least six months after the key employee's separation from employment. See the "Nonqualified Deferred Compensation" table on page 45 for more information regarding the NEOs' benefits under the Deferred Compensation Plan. Our Company does not have a defined benefit or supplemental retirement plan or any plans providing for post-retirement health benefits for our NEOs.

Health and Welfare Benefits

We provide health benefits to full-time employees, including the NEOs, who meet the eligibility requirements. Employees pay a portion of the cost of healthcare on an increasing scale correlated to higher annual incomes. Accordingly, the NEOs' percentage share of the cost of benefit coverage under our plan is higher than other employees. Our health and welfare benefits are evaluated periodically by external benefits consultants to assess plan performance and costs and to ensure that benefit levels approximate the median value provided to employees of peer companies. As a risk management measure, we also offer executive physicals involving diagnostic testing.

Perquisites

During 2019, the Company provided a limited number of perquisites to the NEOs. They primarily consist of a vehicle allowance, club memberships and spousal travel to certain business functions. The Committee determined that it is in the Company's best interest to continue providing these perquisites in order to offer a competitive pay package. The Company does not provide tax gross-ups on executive-only perquisites. See the "All Other Compensation" table on page 40 for more information regarding the perquisites given to our NEOs.

Clawback Provisions

We have adopted a "clawback" policy to provide for recovery of incentive compensation, if any, in excess of what would have been paid to our executive officers or former executive officers in the event that the Company is required to restate financial results and also to provide for clawback of incentive compensation in the event of misconduct by an executive officer or former executive officer.

Robust Stock Ownership Guidelines and Holding Periods for Executive Officers

Our Board has adopted robust stock ownership guidelines for certain executive officers. For the NEOs, the ownership guidelines are as follows:

Position	Ownership Requirement as a multiple of salary
Engel	5x
Schulz	3x
Lazzaris	2x
Squires	3x
Wolf	2x

These officers are expected to acquire their initial ownership positions within five years of their appointment and to hold those ownership positions during their service as executives of the Company. Until the stock ownership guidelines are met, an officer must hold a minimum of 50% of the pre-tax value realized at the exercise or vesting of equity awards. The Board reviews compliance with these guidelines annually, and all of our NEOs have acquired or are acquiring equity in accordance with the guidelines. Our CEO's ownership level is approximately 14x, well in excess of his 5x requirement. See "Security Ownership" on page 18 for more information on their ownership positions. See also "Director Compensation" on page 54 for information about Stock Ownership Guidelines for Directors.

In addition, the Company has stock ownership guidelines for other officers and members of management who are not NEOs. In total, approximately 36 individuals were subject to stock ownership guidelines as of April 2020.

Stock Ownership, Purchases Made by New Officers, and Matching SARs

To align officers' interests with stockholders' interests and to encourage new officers to satisfy their stock ownership guidelines by using their own funds to purchase Company stock in the open market, new senior officers are eligible to receive SARs equal to the number of shares purchased for long-term investment by that officer in the open market during the first twelve months of employment, up to a limited amount in total over no more than three trading days. The exercise price of the SARs is set at the closing price on the date of purchase in the open market. Such SARs vest ratably over three years. The program is designed to encourage stock ownership and investment, which aligns management interests with stockholder interests.

Chief Executive Officer Compensation

Mr. Engel's compensation is higher than the compensation of other NEOs due to the broad scope of his responsibilities as Chief Executive Officer, including executive leadership in the development, articulation and promotion of the Company's vision, goals and values, the development and execution of the Company's long-term strategy and annual operating and financial plans, the development and motivation of the senior management team, ensuring the recruitment, training and development of the required human resources to meet the needs of the Company, and overall service as the principal spokesperson for the Company in communicating with stockholders, employees, customers, suppliers, and our Board and Board committees. As described previously, the Committee engages an independent compensation consultant, Meridian, to prepare an annual market analysis of target total compensation (the total of salary, target annual cash incentive and long-term incentives) compared to a peer group, and it targets total compensation at median within a range that it considers competitive. Based on the annual compensation analysis prepared by Meridian, the CEO's target total compensation for 2019 was within that range.

Employment, Severance, Change in Control or Other Arrangements

As disclosed previously, Mr. Engel has a 2009 employment agreement that provides for, among other things, a base salary amount and a target bonus of not less than 100% of base salary, as may be adjusted by the Committee. Mr. Engel also receives long-term equity-based incentives under the Company's Long-Term Incentive Plan as determined by the Committee. In the event that prior to a change in control Mr. Engel's employment is terminated by the Company without cause or by Mr. Engel for good reason, he will be entitled to receive monthly cash payments for 24 months in an amount equal to his monthly base salary as of the termination date, a lump sum cash amount equal to his target annual incentive opportunity for the year in which he was terminated and accelerated vesting of all stock-based awards, exercisable for up to 18 months, except for performance based awards where operational or performance criteria have not been met. If such termination occurs within two years after a change in control, Mr. Engel will instead be entitled to receive (i) a lump sum cash payment equal to two times the sum of his annual base salary and his annual target incentive opportunity as of the termination date, (ii) a gross-up payment to offset certain excise taxes, if any, (iii) prorated incentive compensation for the year in which he was terminated and (iv) accelerated vesting of all stock-based awards, exercisable for up to 18 months, except for performance-based awards where operational or performance criteria have not been met. As disclosed previously, other than the pre-existing employment agreement with Mr. Engel, the Company has no other agreements with executive officers providing for excise tax gross-ups with respect to payments contingent upon a change in control. In addition, the Company committed that it will not enter into any new or materially amended agreements with executive officers providing for excise tax gross-ups with respect to payments contingent upon a change in control and, indeed, has not entered into any such agreements. See "Potential Payments Upon Termination" on page 46 for additional information. As shown on page 46, this provision would have resulted in no actual gross-up (\$0) based on an assumed termination date of December 31, 2019. The 2009 employment agreement has a term of three years and thereafter is subject to one-year automatic extensions. Mr. Engel is subject to confidentiality obligations during the term of his employment and for five years thereafter. He is bound by restrictive covenants in the form of non-competition and non-solicitation of employees and customers during the term of his employment and for a period of two years thereafter.

Mr. Schulz would be entitled to receive a severance payment equal to one year's base salary and a severance payment in lieu of bonus equal to a pro rata amount of his target bonus if he is terminated by the Company without cause, or upon or within two years after a change in control of the Company, or if he terminates his employment for good reason as described on page 48. Mr. Schulz is bound by restrictive covenants in the form of non-competition and non-solicitation of employees during the term of his employment and for a period of one year thereafter.

Ms. Lazzaris would be entitled to receive a severance payment equal to one year's base salary plus a pro rata payment of her estimated bonus if she is terminated by the Company without cause, if she terminates her employment for good reason, or if her employment is terminated within one year following a change in control of the Company (other than for cause), as described on page 49.

Mr. Squires would be eligible to receive severance payments equal to one year's base salary plus a severance payment in lieu of bonus equal to a pro rata amount of target bonus if he is terminated by the Company without cause, or he terminates his employment for good reason, or if his employment is terminated within two years following a change in control of the Company as described on page 50. Mr. Squires is bound by restrictive covenants in the form of noncompetition and nonsolicitation of employees during his term of his employment and for a period of one year thereafter. Mr. Squires is also entitled to receive tax consultation and preparation services for the 2019 and 2020 tax years which includes: tax preparation while on international assignment and tax services for the tax year of repatriation.

Ms. Wolf would be entitled to receive a severance payment equal to one year's base salary plus a severance payment in lieu of bonus equal to a pro rata amount of her target bonus if she is terminated by the Company without cause, or upon or within two years after a change in control of the Company, or if she terminates her employment for good reason, as described on page 51. Ms. Wolf is bound by restrictive covenants in the form of non-competition and non-solicitation of employees during the term of her employment and for a period of one year thereafter.

The Company's LTIP provides that SAR and RSU awards would vest upon consummation of a change in control transaction, and our performance share award agreements provide that performance share awards would vest at the target level upon consummation of a change in control transaction. The Company's LTIP, which was approved by the stockholders in 2017, includes these provisions to align management's interests with stockholders' interests. The payments to the NEOs upon consummation of a change in control transaction for accelerated vesting of equity awards are set forth in the first column of each table on pages 46 to 51.

We maintain the WESCO Distribution, Inc. 2006 Severance Plan which provides severance benefits to all eligible employees, not limited to executives. In accordance with the WESCO Distribution, Inc. 2006 Severance Plan, in the event of an involuntary termination without cause, an eligible employee would receive severance payments of up to 52 weeks of base pay based on the employee's completed years of service.

As set forth on an exhibit to the Company's Form 10-K filed on February 22, 2016, the Company has entered into indemnification agreements with Messrs. Engel, Schulz and Squires and Messes. Lazzaris and Wolf providing for: indemnification for indemnifiable claims and losses; advancement of expenses; and D&O liability insurance.

Compensation Practices and Risk

On an annual basis, the Committee reviews the potential for risk regarding our compensation program design, including incentive compensation. The Committee has reviewed the Company's compensation programs for employees generally and has concluded that these programs do not create risks that are reasonably likely to have a material adverse effect on the Company. The Committee believes that the design of the Company's annual cash and long-term equity incentives provides an effective and appropriate mix of incentives to help ensure the Company's performance is focused on long-term stockholder value creation and does not encourage the taking of short-term risks at the expense of long-term results. Short-term incentive award payouts to the NEOs are subject to review and approval of the Committee, and the Committee also reviews with the independent members of the Board the CEO's incentive award. In addition, incentive award payouts are capped at 2x target. The Committee has the discretionary authority to reduce or eliminate any incentive payouts. As previously noted above, the Company also maintains stock ownership guidelines and has adopted a clawback policy that applies to incentive compensation, if any, in excess of what would have been paid to our executive officers or former executive officers in the event that the Company is required to restate financial results and also to provide for clawback of incentive compensation in the event of misconduct by an executive officer or former executive officer.

CEO and Senior Management Succession Planning

Management succession planning and talent development are reviewed by the Board annually as part of its leadership and organizational review process. The Board reviews and discusses with management succession plans for the NEOs and other senior management positions across the Company, and the Board also evaluates succession plans in the context of overall Company strategy. Senior management is visible to Board members through formal presentations and informal events to allow Directors to personally assess candidates. The Board also establishes steps to address emergency CEO succession planning in extraordinary circumstances. The emergency CEO succession planning is intended to help the Company respond in the event of an unexpected emergency and reduce potential disruption or loss of continuity to the Company's business and operations.

Deductibility of Executive Compensation

We consider the anticipated accounting and tax treatment to the Company and our executive officers when reviewing executive compensation and our compensation programs, but the Company reserves the right to pay compensation that is not deductible and a portion of the executive officers' compensation paid in 2019 was not deductible. The deductibility of some types of compensation payments can depend upon the timing of an executive's vesting or exercise of previously granted rights or termination of employment.

Code Section 162(m) generally imposes a \$1 million limit on the amount that a public company may deduct for compensation paid to "covered employees." The definition of covered employees under Code Section 162(m) generally includes a) the Company's principal executive officer ("PEO") and principal financial officer ("PFO"), whether serving in that capacity at the end of the tax year or not, b) the three highest compensated officers for the taxable year other than the PEO and PFO even if the officer's compensation is not required to be reported under the Exchange Act, and c) any individual who was a covered employee of the Company at any time after December 31, 2016. Thus, the definition of covered employees includes, but is not limited to, the Company's NEOs. Prior to the enactment of the Tax Cuts and Jobs Act ("TCJA"), Section 162(m) provided an exception from this deduction limitation for certain forms of "performance-based compensation," which included annual incentive payments, the gain recognized by covered employees upon the exercise of compensatory stock options and SARs, and income recognized on the vesting of RSU's and performance share awards. Due to the enactment of the TCJA, the performance-based compensation exception no longer applies to taxable periods beginning after December 31, 2017, unless the compensation meets certain transition relief requirements for remuneration paid pursuant to a written binding contract in effect on November 2, 2017, commonly referred to as grandfathered amounts.

In the past, we generally sought to structure performance-based compensation for our covered employees, and to undertake the required ministerial actions, in a manner that complied with Section 162(m) in order to provide for the deductibility of such compensation to the extent possible. We generally will continue to emphasize performance-based compensation, even though it may no longer be deductible. We expect in the future to authorize compensation in excess of \$1 million to covered employees, which will not be deductible under Section 162(m), when we believe doing so is in the best interests of the Company and our stockholders.

We will endeavor to maintain the deductibility of grandfathered amounts going forward, except where we determine that it is not in the best interest of our stockholders. Because of ambiguities and uncertainties as to the application and interpretation of Section 162(m), as amended by the TCJA, and the guidance issued thereunder, including the uncertain scope of the transition relief for grandfathered amounts, no assurance can be given that compensation intended to be tax deductible will, in fact, be tax deductible.

The Compensation Committee has reviewed and discussed the foregoing Compensation Discussion and Analysis with management and, based on that review and those discussions, it recommended to the Board of Directors that the foregoing Compensation Discussion and Analysis be included in our Proxy Statement, and in the Annual Report on Form 10-K of WESCO for the year ended December 31, 2019.

- (1) Represents the grant date fair value of SAR awards computed in accordance with FASB ASC Topic 718. These equity awards are subject to time-based vesting criteria. The assumptions used in calculating these amounts are set forth on pages 58 to 61 of our financial statements for the year ended December 31, 2019 Annual Report on Form 10-K. All the equity awards were granted under the WESCO International, Inc. 1999 Long-Term Incentive Plan, as amended and approved by our Board and stockholders.
- (2) Represents aggregate grant date fair value of RSUs and performance share awards in accordance with FASB ASC Topic 718, which, with respect to performance shares, is the value based on the target level of achievement (determined to be the probable outcome of the performance conditions at the time of grant). In the event the maximum performance conditions are met, the maximum value of the performance shares would be: for Mr. Engel \$4,749,964; Mr. Schulz \$1,450,036; Ms. Lazzaris \$649,997; Mr. Squires \$675,023; and Ms. Wolf \$570,004. RSUs are subject to time-based vesting criteria and performance shares are subject to achievement of certain performance targets over a three-year performance period. The assumptions used in calculating these amounts are set forth on pages 58 to 61 of our financial statements for the year ended December 31, 2019 in our Annual Report on Form 10-K. All the equity awards were granted under the WESCO International, Inc. 1999 Long-Term Incentive Plan, as amended and approved by our Board and stockholders.

All Other Compensation

The following table describes each component of the All Other Compensation column for 2019 in the Summary Compensation Table. The most significant component of this table is Company payments or contributions to employee retirement savings programs. These payments are further analyzed in the table contained in footnote (4) and include payments that are also presented and discussed there.

- (3) Before Mr. Squires was promoted to COO and became an NEO, he was the leader of the Company's Canadian business. While living in Canada, he is eligible for our standard expat program, which includes a benefit of tax equalization for employees on assignment outside of their home country. Tax payments made in Canadian dollars were converted to U.S. dollars based on the then prevailing Canadian dollar/U.S. dollar exchange rate on the date of payment, which was approximately 0.75. Pursuant to Mr. Squires' term sheet for his promotion to COO, he is required to return to the U.S. after a transition period not to exceed 12 months, and thus tax equalization payments will cease.
- (4) The retirement savings program includes both the Retirement Savings Plan, a qualified 401(k) plan, and the Deferred Compensation Plan, a non-qualified deferred compensation plan for certain management and highly compensated employees. Company contributions to the retirement savings program include matching contributions and discretionary contributions. The table below breaks down the Company contribution by plan and contribution type. Company matching contributions are capped at 50% of participant deferrals, not to exceed 3% of eligible compensation. Matching contributions are made to the 401(k) plan up to maximum limits established by the IRS, with any excess contributed to the deferred compensation plan. Similarly, discretionary contributions are made to the 401(k) plan up to maximum limits established by the IRS, with the excess contributed to the deferred compensation plan.

- (1) Represents possible annual incentive cash awards that could have been earned in 2019 at "target" and "maximum" levels of performance. Amounts actually received by the NEOs under the annual incentive plans for 2019 performance are set forth in the "Non-Equity Incentive Plan Compensation" column of the Summary Compensation Table on page 39. For further information about the annual incentive plans, please see the related discussion beginning on page 29.
- (2) Represents possible performance share awards granted in 2019 that could be earned at "threshold", "target", and "maximum" levels of performance over a three-year performance period. Each performance share award is based on two equally-weighted performance measures during the three-year performance period beginning January 1, 2019 and ending December 31, 2021, as discussed on pages 32 to 34.
- (3) Represents the number of SARs granted in 2019 to the NEOs. These SARs will time vest and become exercisable ratably in three equal increments annually on the anniversary date.
- (4) Represents the number of RSUs granted in 2019 to the NEOs. The RSUs will cliff vest on the anniversary date in 2022.
- (5) Represents the full grant date fair value of SARs, RSUs and performance shares under ASC Topic 718 granted to the NEOs. With respect to awards subject to performance-based vesting conditions, grant date fair value is based on an estimate of the probable outcome at the time of grant which reflects achievement at "target" performance. For additional information on the valuation assumptions, refer to Note 15 of the Company's financial statements in the Annual Report on Form 10-K for the year ended December 31, 2019.
- (6) Represents the exercise price for the SARs and the grant date per share value of RSUs granted, which was the closing price of our Company stock on February 13, 2019, in accordance with Committee action on the grant date indicated.
- (7) Mr. Squires was promoted to SVP and COO effective October 1, 2019, represents the RSUs at issuance price, which was the closing price of our Company stock on October 1, 2019 in accordance with Committee action on October 1, 2019.
- (8) Represents the exercise price for the SARs granted, which was the closing price of our Company stock on March 14, 2019. As explained further on pages 34 and 36, to encourage new executives to purchase stock in the open market with their own funds to meet their stock ownership guidelines and align their interests with stockholders, we will offer matching SARs grants on a limited basis for open market purchases made by the executive during the first 12 months of employment. Ms. Wolf purchased approximately \$100,000 of stock (i.e. 1,874 shares) with her own funds and thus received this matching SARs grant. Since she purchased 1,874 shares, the matching grant was for 1,874 SARs with an exercise price equal to the closing stock price on the date of purchase.

CHIEF EXECUTIVE OFFICER PAY RATIO

As required by SEC rules, we are providing the following information about the ratio of annual total compensation of all of our employees, other than our CEO, to the annual total compensation of our CEO. For 2019, our last completed fiscal year, there was no change in our employee population or employee compensation arrangements that we believe would significantly impact the pay ratio disclosure for the fiscal year. Therefore, we are using the same median employee in our pay ratio calculation.

For 2019: (1) the annual total compensation of our median employee was \$57,269; and (2) the annual total compensation of our CEO was \$6,642,192. Based on this information, for 2019 the ratio of the annual total compensation for our CEO to the annual total compensation of our median employee was approximately 116 to 1. We believe that the pay ratio is a reasonable estimate calculated consistent with Regulation S-K Item 402(u).

As we disclosed the last two years, the methodology and the material assumptions, adjustments, and estimates that we used for this calculation were as follows: We determined that, as of December 31, 2017, our employee population consisted of approximately 9,198 employees at our parent company and consolidated subsidiaries, of which 6,513 were U.S. employees and 2,685 were non-U.S. employees. Our employee population, after taking into consideration the adjustments permitted by SEC rules, consisted of approximately 8,740 individuals, of which 6,513 were U.S. employees and 2,227 were non-U.S. employees. For these purposes, we excluded approximately 458 employees from the following jurisdictions: Chile (198); Peru (97); England (39); Ecuador (30); China (31); Poland (23); Singapore (19); Scotland (8); Ireland (7); Angola (3); Spain (2); and Czech Republic (1).

SEC rules allow companies to use a variety of assumptions, adjustments, methodologies, and estimates. Therefore, the ratio figure reported above may not be capable of comparison to the ratio figures reported by companies in our peer group or by any other company.

With respect to identifying the "median employee," we used a consistently applied compensation measure, which is the sum of an employee's estimated annual salary/wages, commissions and bonus. For employees outside the U.S., we converted local currency amounts to U.S. dollars.

For 2019, we combined all of the elements of our median employee's compensation in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K, resulting in annual total compensation of \$57,269. The difference between such employee's wages and the employee's annual total compensation represents the value of the employee's retirement benefits.

With respect to the annual total compensation of our CEO, we used the amount reported in the "Total" column of our 2019 Summary Compensation Table included in this Proxy Statement.

DIRECTOR COMPENSATION

Compensation

Independent members of the Board of Directors receive compensation in the form of an annual retainer and an annual equity award. Directors have the ability to defer 25% to 100% of the retainer. Deferred amounts are converted into stock units and credited to an account in the Director’s name using the average of the high and low trading prices of our Common Stock on the first trading day in January of that year. The table below sets forth annual retainers paid to our non-employee Directors:

Role	2019 Annual Cash Retainer
All Independent Directors	\$ 94,000
Lead Independent Director	\$ 25,000
Committee Chairs	
Audit	\$ 20,000
Compensation	\$ 15,000
Nominating and Governance Committee	\$ 10,000
Committee Members	
Audit	\$ 5,000

Independent Compensation Consultant – The Nominating and Governance Committee works with an independent compensation consultant, Meridian, to do an annual assessment of Director compensation, including providing the Nominating and Governance Committee with market research and comparison data using a peer group of companies which is the same as that used in the Compensation Committee’s evaluation of executive compensation. Our target for Director Compensation is the median of the peer group, and the benchmarking performed by the independent consultant indicated that the total compensation was consistent with the peer group median (\$231,900 for WESCO compared to a peer group median of \$234,500). We query our consultant on new developments, best practices and trends in Director Compensation, and Meridian serves as a resource to the Nominating and Governance Committee. The Nominating and Governance Committee also compared WESCO’s average Director compensation to the median director compensation for large companies (i.e. companies with revenues of \$2.5 billion to \$10 billion, which is the comparable group to WESCO’s \$8 billion in revenues) in a 2018-19 director compensation study published by The National Association of Corporate Directors. WESCO’s average Director compensation was slightly less than the median of \$234,444.

In addition to the retainer, non-employee Directors are reimbursed for travel and other reasonable out-of-pocket expenses related to attendance at Board and Committee meetings. Directors receive no additional compensation for Board or Committee meeting attendance. Members of our Board who are also our employees do not receive compensation for their services as Directors.

For 2019, non-employee Directors received equity grants in the form of RSUs in the amount of approximately \$130,000, which will vest on the first anniversary of the date of the grant. If a Director’s Board service is terminated earlier than one year from the date of grant as a result of the scheduled expiration of the Director’s term then, if such date is (1) less than three calendar months from the date of grant, then 25% of the RSUs shall be deemed vested, (2) at least three but less than six calendar months from the date of grant, then 50% of the RSUs shall be deemed vested, (3) at least six but less than nine calendar months from the date of grant, then 75% of the RSUs shall be deemed vested, and (4) at least nine calendar months from the date of grant, then 100% of the RSUs shall be deemed vested. In February 2019, each non-employee Director received a grant of 2,379 RSUs. The RSUs awarded February 13, 2019 have a grant date fair value of \$54.64, the closing price of our Common Stock on February 13, 2019.

For 2020, based on analysis provided by Meridian as described above, the Nominating and Governance Committee and Board adjusted the annual equity grants of RSUs from \$130,000 to \$140,000, the annual cash retainer from \$94,000 to \$100,000, the Lead Independent Director retainer from \$25,000 to \$30,000, and the Nominating and Governance Committee retainer from \$10,000 to \$15,000.

Distribution of deferred stock units will be made in a lump sum or in installments, in the form of shares of our Common Stock, in accordance with the distribution schedule selected by the Director at the time the deferral election is made. All distributions will be made or begin as soon as practical after January 1 of the year following the Director’s termination of Board service.

As set forth on an exhibit to the Company’s Form 10-K filed on February 22, 2016, the Company has entered into indemnification agreements with each current Director providing for: indemnification for indemnifiable claims and losses; advancement of expenses; and D&O liability insurance.

Robust Stock Ownership Guidelines

Our Board has adopted robust stock ownership guidelines for Directors, which are five times their annual cash retainer. Directors are expected to hold these ownership positions during their service as Directors. All Directors have acquired or are acquiring stock in accordance with the stock ownership guidelines.
